

The *Tocqueville Society's* Chairman's Circle is an exclusive group of Chicago area leaders who demonstrate their commitment to our community through a generous contribution of \$25,000 or more to United Way. Members of the Chairman's Circle include philanthropists representing current and former executives from many of Chicagoland's leading organizations. Chairman's Circle members invest their resources and support United Way's work in helping to transform our communities.

An investment in United Way is an investment in the critical needs of families today: financial stability, health services and quality education for all children. In this uncertain economy, a strong, clear message and demonstrable financial support are needed more than ever. By partnering with United Way, members of the Chairman's Circle stand together in unanimous support-they LIVE UNITED-demonstrating that when people come together around a common purpose, they can accomplish more than one person alone.
